

## **Eligibility criteria for a referral to the Montreal Children's Hospital's Physiotherapy Department**

### Eligibility Criteria:

1. Children under the age of 1 year old for torticollis and/or plagiocephaly
2. Children between the ages of 0-5 for developmental concerns
3. Infants with increased or decreased tone, spasticity, asymmetries, etc...
4. Infants with the suspicion of brachial plexus palsies

### Not Eligible:

1. Children already receiving services in the community (i.e. followed in a rehabilitation center or attending a specialized school)
2. Children referred for orthopedic concerns (i.e. knee pain, scoliosis, back pain, tight hamstrings, etc...) unless already followed at MCH for medically complex issues
3. Children with idiopathic toe walking, inverted feet, flat feet, etc...
